No. 107.

## ERSFIELD OF INVENTION

Bowles Sees Fortune  
in Sight From New  
Device

## COPYING MACHINE.

Will Revolutionize The  
Photograph Business In  
Many Respects

R. Bowles, the well known  
inventor, has entered the field  
of invention with a device for copy-  
ing and retouching photo-  
graphs that supplies a need that  
long has been felt by photographers.  
Bowles has been in the busi-  
ness here for 18 years and for more  
than half of that time has been at-  
tached to the machine he has at last  
perfected and patented. He is now  
putting the device on the market.  
It is made here in Hopkinsville and  
consists of a tin or iron box in semi-  
circular shape, about 18 inches high.  
Its painted white inside and is equipped  
with electric light bulbs. The only  
opening is directly in the front and  
is fixed so that slides may be  
drawn into the grooves that are pre-

pared. The first intention was to use it in  
tag pictures but in addition to  
this it has been found useful in a  
variety of ways. In all the  
places where it can be used one of  
its features about it is that it  
wherever it is used it can be care-  
fully guarded and the gallery is  
needed to use in the house.

## MOISANT AND HO KILLED ON SATURDAY

Two Great Aviators Dashed to Death  
Saturday Before Great Race

## IN WIDELY SEPARATE PLACES.

New Orleans, La., Dec. 31.—Leav-  
ing the City Park aviation field at  
9:30 o'clock this morning full of life,  
vigor and hope, his eyes sparkling in  
anticipation of adding to his coun-  
try's glory by bringing the Michelin  
cup to America, John D. Moisant,  
one of the world's most daring and  
skilful aviators, flew over New Or-  
leans, but to meet descending the  
wings of the wind by Harahan,  
eleven miles above there, just 20  
minutes after.

A gust of wind upset his machine,  
a Periot Monoplane, and near the  
earth and he was thrown from the  
seat. Moisant described a grim curve  
through the air, and at first, like  
a diver, shot down, landing on his  
back and head. His life was broken.

Los Angeles, Dec. 31.—The winds,  
the treacheries of Hoxsey so  
often defied and conquered, killed  
the noted aviator today. As if jeal-

## SLOT ORDINANCE Requiring Permits For Slot Machines.

The Board of Civil has passed  
the following ordinance:  
That it shall be lawful for any  
person to own, use or operate for him-  
self or for any person, company  
or corporation, any slot machine or  
mechanism in the city of  
Hopkinsville, Kentucky, if he has first  
received a permit from the Mayor or  
City Council, and if he has first  
violated the ordinance, he shall be  
fined or imprisoned, or both, at the  
discretion of the court. A separate  
ordinance shall be made from and  
approved and

## ROLL WAS CALLED. At The First Baptist Church Sunday Morning.

Sunday the annual roll call service  
was held at the Baptist church and  
in spite of the rainy weather a large  
proportion of the 300 members were  
present and answered to their names.  
When their names were called  
some rose and spoke a few words,  
others gave quotations from the  
scriptures, some sang a verse or  
an appropriate hymn. The service  
was taken up with a prayer and  
thompson preached a sermon on  
the usual communion

## SEASON. Last Day For Voting.

The season closed  
and it is unlawful to  
with such in-  
in possession  
or killed,  
pleasant be-  
January and  
number next.  
airrels ex-  
Feb. 1, and  
habbits  
the year

## JOE WOLFE'S LEG BROKEN

Popular Policeman Suffers A  
Bad Accident  
Saturday.

## ALIGHTING FROM TRAIN.

Will Be Disabled For Many  
Weeks—Had Accident  
Insurance.

Policeman Joe R. Wolfe suffered  
the fracture of his right ankle in  
alighting from a train at the I. C.  
"Y" Saturday afternoon about four  
o'clock.

A large number of people were  
leaving the city on the train, and  
Mr. Wolfe got on the train accord-  
ing to a custom of the policemen  
to ride down to the "Y" to see that  
no disorder occurred among the ex-  
cursionists. When the train slowed up  
he alighted and as he jumped to the  
ground his ankle turned and both  
bones snapped. He did not fall, but  
called to some railroad men on a  
handcar that he was hurt and they  
brought him back to town and he  
was taken in a carriage to his home  
on Brown street.

Dr. F. P. Thomas set the broken  
limb and no bad results are expected,  
except that the officer will be laid  
up for at least two months.

Policeman Wolfe was elected to  
the force one year ago and his ser-  
vice has been excellent and altogeth-  
er praiseworthy. He was assigned  
night duty for the year 1911. He  
has been serving at night during  
the winter and was not working in  
his own time when hurt but had  
come down town early and volun-  
teered to assist the day force in  
handling the big crowd in the city.  
He carried a small accident policy,  
and will be of some pecuniary ad-  
vantage while he is disabled.

## FLAHERTY BADLY WOUND By Discharge of His Gun.

Flaherty, a young grocer on  
enth street, was painfully in-  
jured while hunting Friday. He  
the Illinois Central railroad,  
jumping out of the way of an  
incoming train, dropped his gun,  
and discharged the load of  
ammunition, the way through his  
chest. The wound is a serious  
amputation may be neces-  
sary of the shot also lodged  
in Flaherty's face.
